

## CALL TO ACTION

What a success story!

In less than 24 hours, supporters of Bridgepointe: A Life Celebrated were able to raise \$900! That is an amazing accomplishment that speaks to the kind of partnerships we have created as an organization.

We have supporters from all walks of life and we appreciate their quick action in this time of need.

The money was raised to help one of our longtime caregivers in the wake of losing her spouse. With the money we raised we were able to give her the peace of mind that her rent will be paid this month – one less thing for she and her ten year old daughter to worry about.
